

## **TRESH – READ ME**

Each Markdown comes with a matching HTML, that includes all code and analysis output, as well as figures and tables.

If you'd like to re-run the analysis yourself, please see follow the below instructions.

1. Download the entire “Analysis” folder
2. Download the “Dataframes” folder, and include it within the analysis folder.
3. Run whatever script you like, if you'd just like to run parts of the analysis. Otherwise follow the below structure for the order in our publication.

### **1. TRESH\_Demographics.Rmd**

- Participants demographic information

### **2. TRESH\_Priorexperience.Rmd**

- Participants prior experience with robots
- Control variables

### **3. TRESH\_RQ1\_Analysis & TRESH\_RQ1\_Figures**

- RQ1: Dimensions analysis

### **4. TRESH\_RQ2\_Analysis & TRESH\_RQ2\_Figures**

- RQ2: Task suitability analysis

### **5. TRESH\_RQ3\_Analysis & TRESH\_RQ3\_Figures**

- RQ3: Age, Role & Context suitability analysis

### **6. TRESH\_Exploratory\_Analysis**

- Exploratory analyses
